

So begins another episode dealing with the police in our 50th state—a force that doesn't know the word "bribe" (they just call it spare cash)—the super force known by the islanders as

HAWAII 5-0

McCarrot, Chim Ho is on the phone.

With a name like that, are you sure he's one of us and not a dirty commu... What you got Chin?

Stebe, we found a refrigerator dumped in Caloni Park.

HE TOLD ME TO TAKE A LETTER!

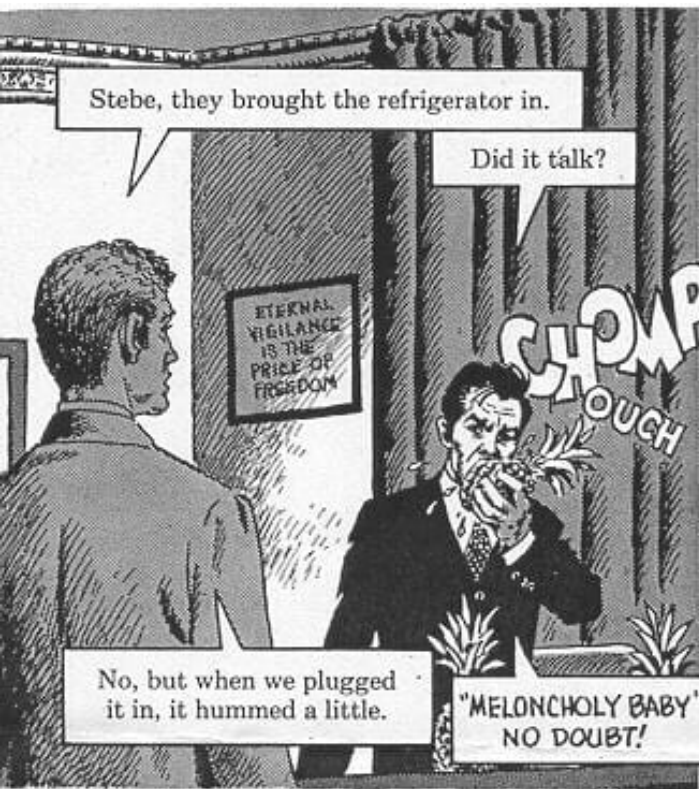

Really?... Where?!

In the water fountain. It went literally undetected for two weeks until some smart 8 year-old noticed the water wasn't draining.

Anything unusual about it that you bothered me?

Yeah... it was a stolen model that had a body inside.

And what was the unusual thing?

Stebe, they brought the refrigerator in.

Did it talk?

ETERNAL VIGILANCE IS THE PRICE OF FREEDOM

CHOMP
OUCH

No, but when we plugged it in, it hummed a little.

"MELONCHOLY BABY" NO DOUBT!

And Stebe, we found this strand of hair caught on the back. It didn't match the victim's.

Good work, Spamo. Let's send it down to the lab and see if they come up with anything.

Gotcha.

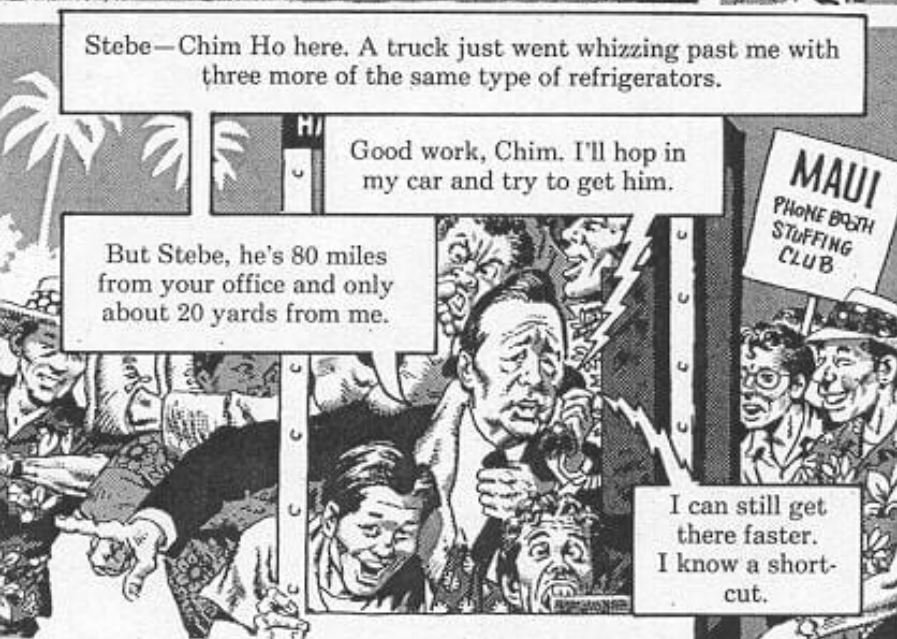

CHOMP
OUCH

And Spamo ...

Yeah?

Comb it first ... they hate sloppy clues.

Stebe—Chim Ho here. A truck just went whizzing past me with three more of the same type of refrigerators.

Good work, Chim. I'll hop in my car and try to get him.

But Stebe, he's 80 miles from your office and only about 20 yards from me.

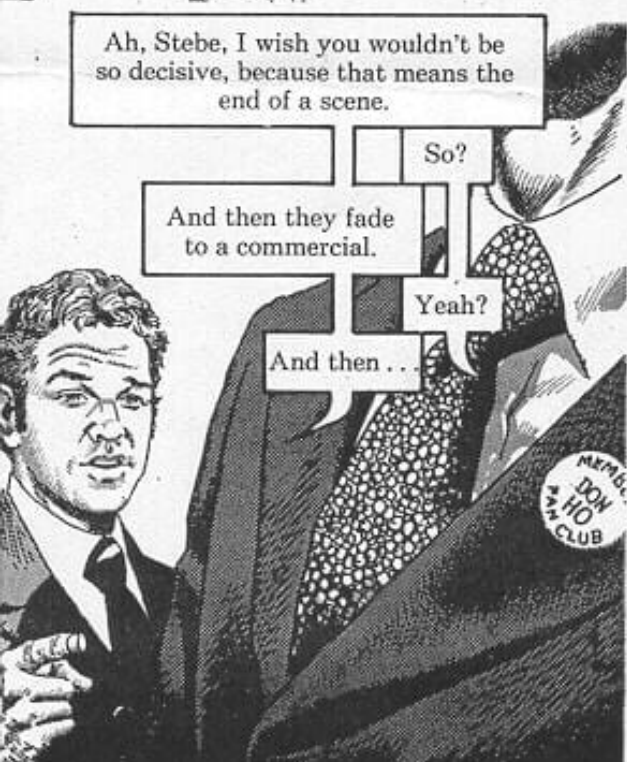

MAUI PHONE BATH STUFFING CLUB

I can still get there faster. I know a short-cut.

Spamo, Chim Ho just spotted 3 more refrigerators. Once we get those, we can search them inch by inch and find out just what someone is trying to smuggle out of Hawaii—and then we can go after the murderers and NAIL THEM!!!

ANYONE SEND FOR THE GOVERNOR? ...I'M RIGHT UP-STAIRS, YOU KNOW!

Ah, Stebe, I wish you wouldn't be so decisive, because that means the end of a scene.

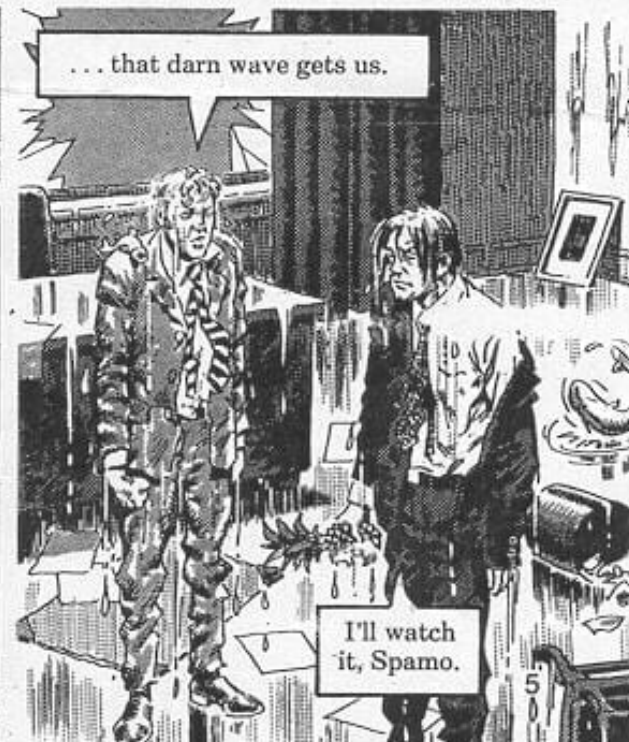

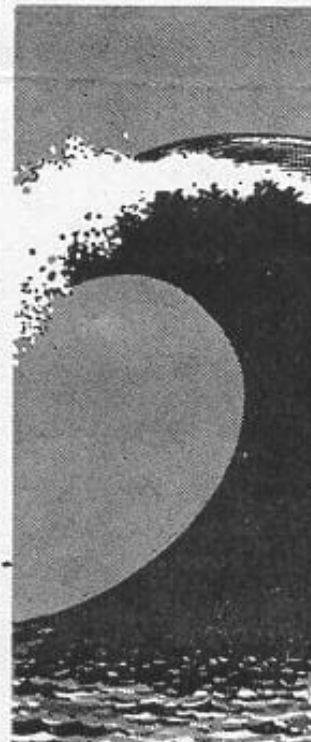

So?

And then they fade to a commercial.

Yeah?

And then ...

MEMBER DON HO & HO CLUB

... that darn wave gets us.

I'll watch it, Spamo.

I'm gonna take that short cut.

YIPE!

Great driving Stebe!
Great short cut!

There's always a truck on this road.

Too bad it wasn't the one we're after.

HUHA POULTRY CO.

Stebe, here's the refrigerators from that truck. I disobeyed your orders and went after them.

Good work, Chim Ho.

Hey, how come everytime we do something you say, "Good Work!"

Cause it would look pretty strange if I fed you a yummy.

Did you get anything from the hair I gave you?

A little. It came from a 5'10", brown-eyed man who wore glasses and drives a 1974 Royal bicycle—yellow—license plate X3-712 and lives at 731 Kawanni Drive.

What color hair did he have?

Stebe, you can't find out EVERYTHING from one strand.

I guess not—good work.

Anything on the refrigerators?

Nothing. Whatever was being smuggled out in them must have been removed.

Hey, there goes a 1974 Royal bicycle with license plate number X3-712. Think it could be the bike we're after?

It's worth checking out because if it is... we GOTTEM!!

OH, NO!!

THERE YA' GO AGAIN!

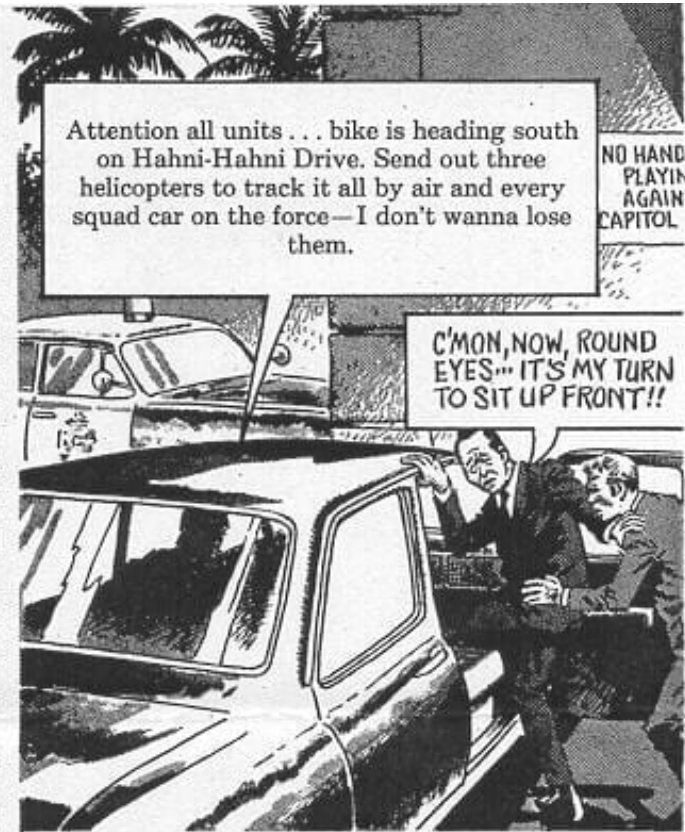

REMEMBER TO ENSLAVE A NATIVE FIRST. LOCATE THE GUNS—THEN DISARM IT!!

FACT: Contrary to popular belief, sharks love people... especially with a little salt and garlic.

Sorry.

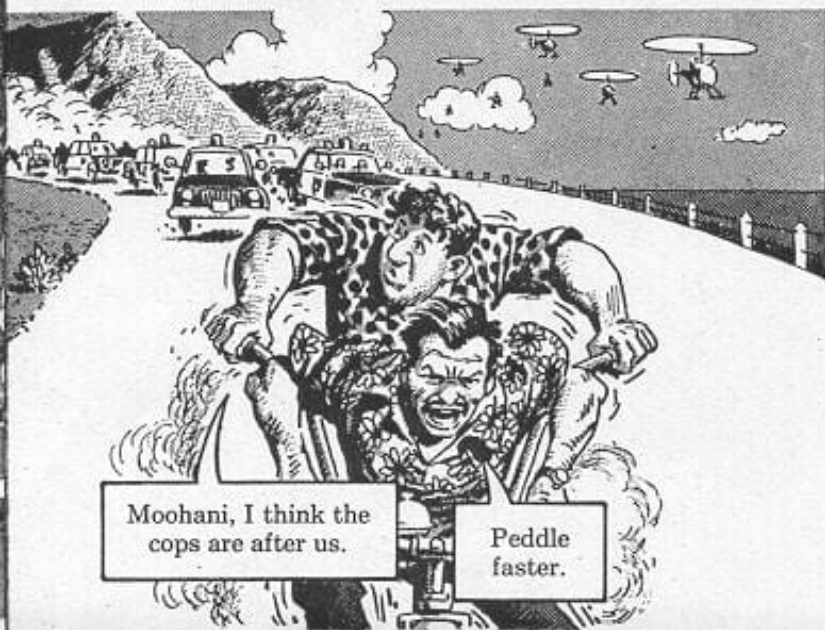

I gotta start buying water-repellent suits.

Attention all units... bike is heading south on Hahni-Hahni Drive. Send out three helicopters to track it all by air and every squad car on the force—I don't wanna lose them.

C'MON, NOW, ROUND EYES... IT'S MY TURN TO SIT UP FRONT!!

NO HAND PLAYIN AGAIN CAPITOL

Moohani, I think the cops are after us.

Peddle faster.

HALT—THIS IS MC CARROT, HAWAII 5-0. YOU CAN'T GET AWAY. WE HAVE YOU SURROUNDED IN EVERY DIRECTION, EXCEPT FOR THAT LITTLE ALLEY AHEAD. GIVE YOURSELF UP—Oh, my gosh Spamo—what rotten luck. They're taking the little alley straight ahead.

Up those stairs!

HERE WE COME READY OR NOT!

BANZAI!

LAST ONE UP IS A ROTTEN EGG!

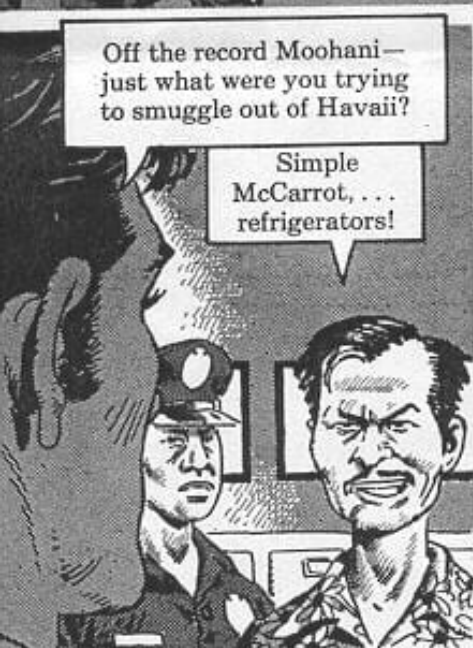

We give up!

Frisk 'em.

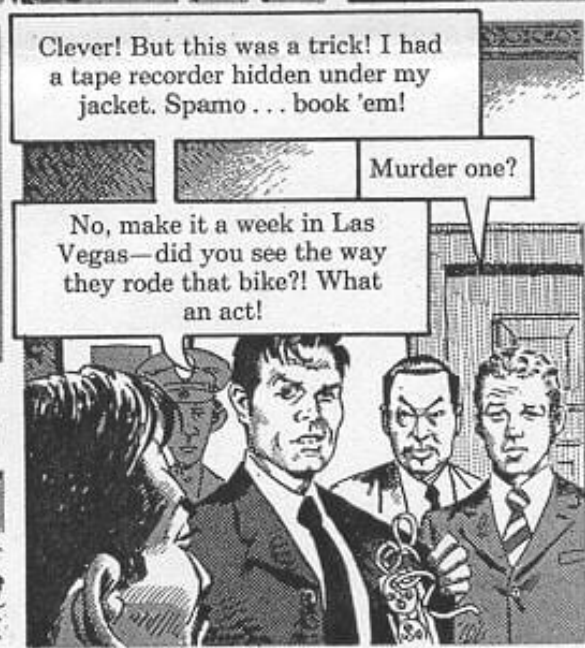

He's clean, Stebe.

Of course I'm clean—I took a bath just last night.

Off the record Moohani—just what were you trying to smuggle out of Hawaii?

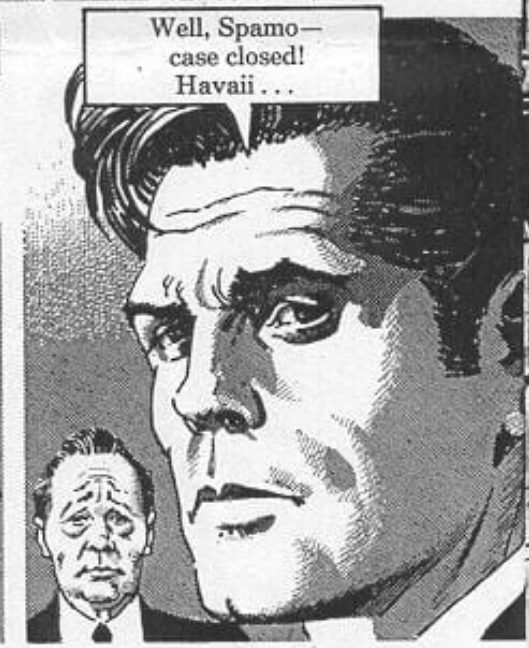

Simple McCarrot, ... refrigerators!

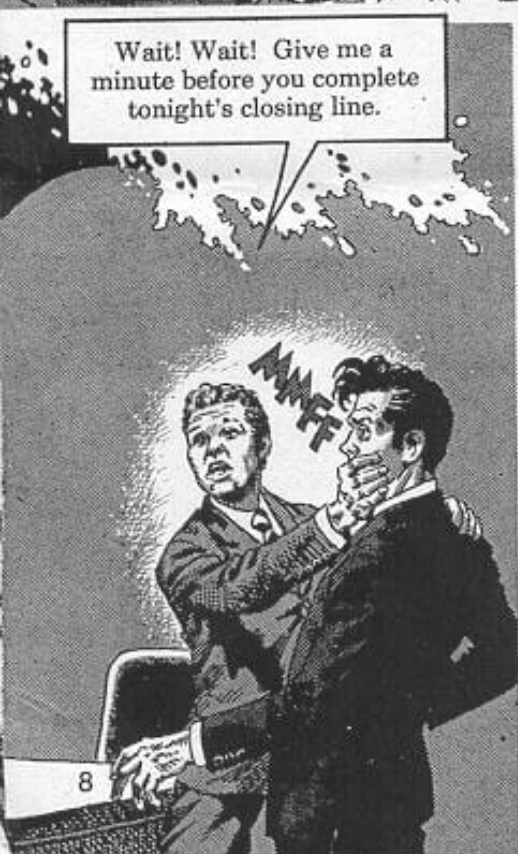

Clever! But this was a trick! I had a tape recorder hidden under my jacket. Spamo ... book 'em!

Murder one?

No, make it a week in Las Vegas—did you see the way they rode that bike?! What an act!

Well, Spamo—case closed! Hawaii ...

Wait! Wait! Give me a minute before you complete tonight's closing line.

... is now safe once again!

Made it, Stebe!

Good work, Spamo.

THERE YOU GO AGAIN!!

THE END

HAVAII 5-0

Spamo—something really important for you!

Wait, I've got something of vital importance to tell you!

Spamo, I'm in charge here and therefore my importances come first.

But sir, I think this will really interest you.

I'm sure it will, but after I've finished talking!

Spamo, I want you to put out an APB —my right sock is missing!

That's it?

That's it! See, you didn't have very long to wait. Now what is it you wanted to tell me?

Skip it.

Spamo, what's this stuff all over my face?

Hot lava!!

Oh good. I needed a shave!
